

CS 440 Weekly Progress & Case Tool (Jira) Checklist

Weekly Progress (Weeklies)

Group Activities

- ☐ All files are loaded where they belong in github, in PDF format, and submitted with meaningful commit messages.
- ✓ The weekly progress report is present, well-named, properly formatted.
- ✓ The weekly progress report header information is complete, and documents an in-person meeting.
- ✓ The weekly progress report documents recent progress for each individual member, if any, or documents no recent progress if a member has not accomplished anything recently.
- ✓ The weekly progress report documents action items for each individual member, indicating what they will be working on in the coming week.

Individual Activities

- ✓ Attended the weekly meeting, or has an acceptable excuse.
- ✓ Came to the meeting on-time and well prepared.
(Assumed true if present, unless noted otherwise.)
- ✓ Member has documented recent accomplishments.
- ✓ Member has documented action items.
- ✓ Week to week reports show progress is being made.
(Assumed true if previous 2 boxes checked, unless noted otherwise.)

CASE Tool Usage (Jira)

Group Activities

- ✓ Project is set up properly, and contains only coding project content. (No development project)
- ✓ Project backlog contains stories for future development.
- ✓ The current sprint has stories, with effort estimates.
- ✓ Stories are assigned to individual team members.
- ✓ Charts show that progress is being made.

Individual Activities

- ☐ Team member has logged in within the last week.
- ✓ Team member has assigned tasks or stories.
- ✓ Team member has recently completed work.
- ✓ Team member activity stream shows active participation.
- ✓ Team member's task status is evolving through the to-do, in progress, done states.
